PRACTICE AREAS

Employment

Does your company have 5 or more employees? If so, then California law requires you to provide one hour of interactive Harassment & Bullying Prevention Training to all existing non-manager employees **every two years**.

This workshop will not only meet these educational requirements, but exceed them. Attendees will learn situation-specific techniques regarding the prevention and correction of all types of harassment under both federal and state law, as well as training that complies with the recent law on the prevention of abusive conduct in the workplace.

Presented in a lively, entertaining and engaging format, what your employees learn in this workshop will stay with them for the next two years... and beyond.
